Arts Victoria is undertaking important research in Victoria into the scale of the sector and to better understand the characteristics of small arts organisations, the extent of their activity, the people involved, and their contribution to the state. We understand that non-arts organisations running arts programs are eligible.

They are interested to hear from **all** Small Arts organisations across **all** art forms, including those who do not currently receive Government support as well as those who do, those who operate independently and those who may need support in the future.

"To plan for the future we need to have a clear understanding of the issues facing small arts communities."

AIC(V) encourages organisations THROUGHOUT VICTORIA to complete the questionnaire:

The more information collected, the stronger the picture of our activity, the stronger the case for support for arts activity.

To access the questionnaire, follow the weblink:

<http://surveys.impelsystems.com.au/smallarts/>

This questionnaire will close 5pm, Friday 8 December, 2006. If you have any queries or troubles completing the questionnaire, please contact Charles Boyes on (03) 9208 6154 or cboyes@deloitte.com.au <<mailto:cboyes@deloitte.com.au>> .

If you are unsure whether you fit the criteria but would like to do the survey – have a go. Apparently the Survey should screen you out if you are not eligible.

Timelines are short and we are all flat out. The results of this study will inform future policy and funding decisions, so the research represents a golden opportunity for small arts organisations to have a say.

- The Arts Industry Council (Victoria) is a membership-based not-for-profit lobby organisation seeking to represent the interests of the arts community.
- We receive no on-going support from funding bodies and rely on membership fees to survive.
