Subject: AIC(V): OzCO Scoping Study final consultation 6th April

From AIC(V): Apologies for Cross postings

**LAST CHANCE FOR YOUR RESPONSE!
Australia Council Community Partnerships
Scoping Study Consultation**

**Thursday 6th April, 6-8 pm
Theatreworks, 14 Acland Street, St Kilda**

The Cultural Development Network and NACA, the National Arts and Cultural Alliance invite all artists, arts workers, community arts organisations and community activists to a meeting with Anne Dunn, Chair of the Ozco Scoping Study Reference Group assisted by Australia Council officer Elizabeth Tupper.

This is the final session in the national round of community consultations before the Scoping Study report into provisions for community-based arts and culture under the Council's new Future Planning strategy is compiled.

It follows extensive discussions with the field in all States. The initial Victorian consultation was 'first cab off the rank' on February 21, so we have been given another opportunity to respond to the Discussion Paper and other documents published in the course of the study.

We encourage you to attend and let friends and colleagues know about this meeting. This is our last chance to respond to the Scoping Study.

For copies of relevant documents go to the Australia Council website <www.ozco.gov.au> and follow the links to Community Partnerships.

For field responses visit the NACA website <www.naca.org.au> or State community arts/CCD Networks, plus member organisations of e.g. Regional Arts Australia, Youth Arts Australia and Arts Access Australia

Venue: Theatreworks, 14 Acland Street, St Kilda (corner St Leonards Ave)

For more information about transport and parking:
